

Hello,

You are invited to complete the DISC Professional Styles Assessment. The DISC is a self-assessment that reveals your work style – or the way you work, your strengths and challenges. You are being asked to participate and complete a DISC Professional Styles Assessment to participate in the DISC Self-Managed Training Program.

Steps to Participating in the DISC Self-Managed Training Program

This program materials are completely online and can be accessed at:
<https://www.corplearning.com/innovatis/>.

Step 1: You will receive an email from martin@onlineworksolutions.com. The email will ask you to complete the DISC Professional Styles Assessment. The assessment takes about 10-15 minutes and will be available for immediate review via your email address.

Step 2: We have placed numerous resources, both video and job aids, for you to review to understand the DISC model and how to apply it at work.

We have also placed several DISC exercises to use with your teams to apply the DISC to your functional area or team setting. In addition, you can ask us to generate a Team Report by contacting Dr. Sue or Kathleen below. We will generate the report and forward it to your email.

Please let us know how we can help you in your learning journey with DISC Professional Styles Assessment!
