

THIS WEEK'S Huddle Topic

Learn All About our Moorings Park Strategies

Activity

PREPARATION TIPS
Read the Huddle before
facilitating.

1. **Say:** "Moorings Park is very proactive when it comes to being a premier provider of active retirement living in Southwest Florida. We have a 4-step strategy that will ensure our success. The first strategy is: Inspire innovation and drive growth that enhances value and improves the aging experience."
2. **Ask:** "This is a lot to take in, but as a valued partner it is good to know that we believe in innovation to drive growth, enhance value, and improve the aging experience. We have talked about innovation to invent better ways of doing things. How important is it for us to invent new and better ways to do things around here? Why?" (One answer is because continuously doing things better improve the lives of partners and residents).
3. **Say:** "One great way for you to support this strategy is to watch for and suggest little improvements that can make a dramatic difference. It is helpful to offer these suggestions in a positive and timely way."
4. **Ask:** "The next time you see an opportunity to suggest an improvement, can we count on you to offer it in a positive and timely way?"
