2. **Ask:** “Think back to a time recently when you spent a little more money on something because it had a higher quality. What was it? Why was it important to you?” (Be ready to offer your own examples).
3. **Say:** “Quality here at Moorings Park is based on the integrity, accountability, and excellence you provide as partners. **Integrity** is that we do what we say we will do. **Accountability** is your willingness to take on the responsibilities of your role. **Excellence** is the greatness that we all strive for. This is what our residents want and why they want to choose us. Because together, we provide higher quality.
